

Visitors are Welcome To Fort Hunter Liggett

Visitors coming to Fort Hunter Liggett (FHL), who are not affiliated Department of Defense or do not have a federal government-issued identification card, will be subject to a background check before being allowed to enter FHL.

Those who show a common access card (CAC card), Military ID, Military Dependent ID or Retired Military won't be affected.

This step is being taken to ensure that Fort Hunter Liggett is in compliance with Homeland Security Presidential Directive 12, which requires that 100 percent of visitors be vetted prior to entering a Department of Defense (DoD) installation. While this is a DoD-wide initiative, we are doing all we can to streamline the process for accessing FHL.

To get your background check for an access control pass to FHL, you can go to the Visitor Center on Mission Road or you can contact the Physical Security Office (PSO) to obtain an Installation Access Request Form. (See Contact Information below)

You can apply for a pass up to 30 days prior to your visit. By submitting your form, you are agreeing to a background check. Upon a favorable return of your background check an installation access pass can be picked up at the Visitor Center.

The pass along with a valid photo identification (ie. Driver's License, Passport, etc.) will allow you access to Bradley Access Control Point. Be aware that all individuals in the vehicle are required to have a background check and a pass before being allowed to enter the installation unescorted.

Passes are valid only for the timeframe you were approved for, and all visitors 18 and older in the vehicle must have a valid pass. Background checks are not required for visitors under 18 years however visitors under 18 must be accompanied by a parent or guardian that has an approved installation access pass.

Again welcome, and if you have further questions, please contact our Physical Security Office.
